eNTERFACE'07: a bad start!

Working ... without being caught

Installing software

Recording a database

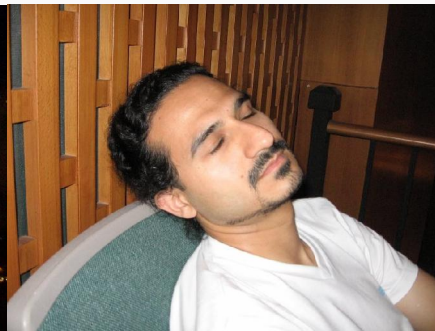

Re-boating MS Windows

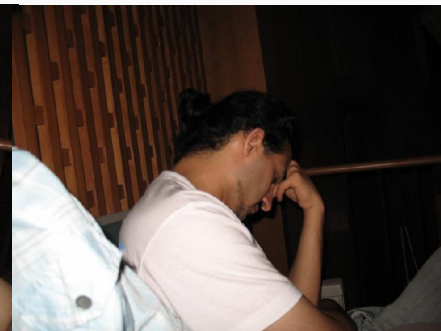

Face Recognition Performance under Adversarial Conditions

“Fireworking”

Producing physiological signals

There is no data like more data!

Audio-Driven Human Body Motion

Let us take a historical picture!

eNTERFACE '07

The SIMILAR NoE
Summer Workshop
on Multimodal Interfaces

**eNTERFACE'07 participants asking for
organizing eNTERFACE'08**

Easy...

- § An estimated agenda
- § A description of the local facilities
- § A tentative budget mentioning the possible contribution of local sponsors (in order to typically get minimal costs for local arrangements) and accommodation costs for participants
- § **Deadline : August 31st, 2007**

Who's next ?
