**Submission date:**

### Participant information

**Name:**

**Institution:**

**Is the participant PhD student or post-doc?**

YES / no

**Nationality:**

**Telephone:** (with country code)

**Email:**

### Application details

**Duration of stay:**

**Start date:**

**eNTERFACE project** (where the applicant participates):

**Project Leader:**

**Short description of the planned work:**

Only applications from PhD students and post-docs are accepted. SIMILAR will be able to grant money (max 1500 €) per stays per researcher. All expenses have to be justified in the report that the accepted participant has to provide after the stay took place. (about 1-5 pages).

All occurred costs and expenses that are justified will be reimbursed after the report has been submitted and checked. We will transfer the money to the requested account; if it is a personal account then an approval from the host institution will be needed. Please indicate this in your final report!

All applications are welcome, but in case of overwhelming number of proposals we can take only 4 participants per partner organizations (the first 4 who submits applications).
